

General Motors Vehicle Engineering Center - Monumental Staircases

Location Warren, Michigan
Designer / Architect Kaplan McLaughlin Diaz
Duration May 2001 - Jan 2003

Scope - Soheil Mosun Limited was contracted to complete the design, engineering, fabrication and installation of the balustrades, column covers, monumental staircases, reception desk, balcony guardrails, glass bridge and other architectural elements.

Highlights - Soheil Mosun Limited fabricated two main staircases for this project, pre-assembling all components in our Toronto facility prior to shipment to Michigan. The result was a perfect fit on site.

Monumental staircase

Fritted & tempered glass panels

Attention to detail

Stainless steel structural supports

Cladded structural steel
