

Pottery Barn Yorkdale - Monumental Staircases and Balustrades

Location Toronto, Ontario
Designer / Architect Denis Heath, Architect
Duration May 2001 - Jan 2002

Scope - Soheil Mosun Limited was contracted to fabricate and install a main steel staircase and balustrades as well as two (2) mezzanine staircases and second floor balustrades and (206) lineal feet of handrail.

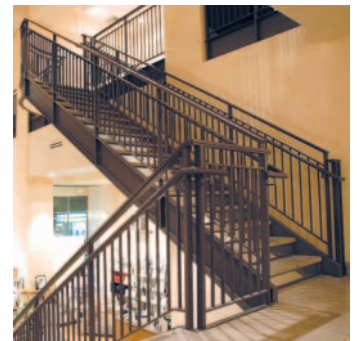

Highlights - These staircases are made of steel and feature pan type treads for concrete fill, and glass risers. The staircases, balustrades and railings were primed then painted to match client specifications.

Approximately (206) lineal feet of railings
