

MintoUrban Communities Inc.- Stainless Steel Sculpture & Furniture

Location Toronto, Ontario
Designer / Architect Lilly Otasevic
Duration Jun 2007 - Oct 2008

Scope - Soheil Mosun Limited was commissioned by MintoUrban Communities Inc. and artist Lilly Otasevic to fabricate this one of a kind stainless steel sculpture and these urban furniture pieces, as principal features of the courtyard amenities at the Minto Urban Quantum Phase II condominiums in downtown Toronto.

Highlights -The sculpture was fabricated from 1/4" thick x 30" wide formed stainless steel, polished to a mirror finish and mounted to a concrete slab supporting the entire 9' tall structure. The furniture pieces are fabricated from 1-1/4" diameter x 1/16" wall Type 316 stainless steel tubing. The furniture, consisting of large armchairs and benches are placed throughout the courtyard area.. All visible surfaces have a mirror polished finish.

The stainless steel urban furniture pieces in the courtyard

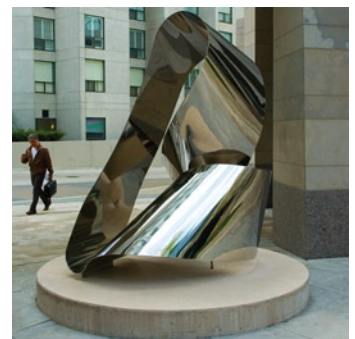

Stainless steel full sized bench in-situ

The stainless steel mirror polished sculpture. It stands nine (9) feet tall.
