

Toronto Parks & Recreation - Music Garden Riverbenches

Location Toronto, Ontario
Designer/Architect Weis and Yoes Architecture
Duration Sep 2008 - Apr 2009

Scope - Soheil Mosun Limited was contracted by the City of Toronto Parks & Recreation Department to supply and install custom riverbenches for the Toronto Music Garden Located on the waterfront of the city at the Toronto Music Garden.

Highlights -There were two principal configurations (inward and outward) of the continuous curving riverbenches installed at the amphitheater section of the Music Garden and as well there were separate 6" length benches which were placed throughout the Music Garden. Along with the custom riverbenches, Soheil Mosun Limited also restored to new condition all of the existing benches at the site which had fallen into a state of disrepair.

Continuous form integrates with gardens

Outward curve applied to continuous riverbench to mesh with landscaping design

Inward curve seen from the end of the riverbench
